Moreno Connect GTX Suit

The Moreno Connect GORE-TEX suit combines a discreet look with excellent functionality. The three-layer outer material always keeps the jacket waterproof, while generous ventilation options ensure an optimal climate. Back and joint protectors also offer a high level of protection. The integrated heating vest can be controlled via a smartphone or motorcycle. Active lighting on the back and sleeves provides better visibility of the rider at night. The GORE-TEX pants with NP3 joint and hip protectors are the ideal companion for extended outings. The robust GORE-TEX three-layer laminate keeps the pants watertight and multiple ventilation options generate a pleasant climate. Convenient feature: numerous adjustment options ensure the best individual fit.

**MSRP

Karakum GTX Jacket

Maximum sportiness, ready for any trip including off-road: The three-piece GS Karakum GORE-TEX jacket meets the highest demands. Thanks to its three layers and GORE-TEX Outsert, multiple applications are covered - from warm weather to cold climates. The Outsert jacket can also be used as an outdoor jacket.

Product highlights

- Highly breathable, three-part Enduro jacket
- Maximum freedom of movement due to polyamide soft shell material
- Thanks to the tight fit and high elasticity, no adjustable Velcro fasteners are required on the body
- Adapts to varying climates thanks to inner jacket and Outsert jacket
- Watertight (water column: 27,000 mm) and breathable
- Outsert jacket can also be used as an outdoor jacket after the ride
- Inner jacket acts as a functional softshell jacket for a wide range of activities.
- Removable NP3 protectors on shoulders and elbows
- Includes long NP Flex Pro back protector
- Reflective print on outer jacket
- Protection class AA, EN 17092
- 33D spacer fabric on back protector for optimum air circulation
- Velcro straps for adjustable fit on the sleeve seams of the outer jacket
- Two patch watertight pockets on the outer jacket
- All-round and short zip fastener connector

GS Rallye GTX Pants

The optimally ventilated GS Rallye GORE-TEX pants with their waterproof GORE-TEX-Outsert provide excellent protection against wind, bad weather and dirt. The extremely abrasion-resistant polyamide-cotton material, together with NP3 joint protectors, ensure a high level of protection. Practical details such as zippered pockets complete the modern look.

Product highlights

- Well-ventilated motorcycle pants in a modern look with stretch inserts
- Suitable for hot to medium temperatures
- Watertight (water column: 27,000 mm) and breathable
- Waterproof GORE-TEX-Outsert for any weather
- Extremely abrasion-resistant and breathable polyamide cotton material
- Zip fasteners for ventilating the thigh
- Height-adjustable NP3 joint protectors on the knee
- Reflective print on pant leg
- Protection class AA, EN 17092
- Zippered pockets on both thighs
- Infinitely adjustable pant hem with Velcro closure
- Zip fastener connector: all-round and short
- Easily adjustable pant leg width, wide-opening
- pant leg width adjustable to GS Pro boots via integrated zip fastener
- Loop and hook waistband adjustment system
- Stretching zone over buttocks
- Leather pad on the inside of the knee
- Material composition of pants:
 - Outer material 1: 52% polyamide, 48% cotton
 - Outer material 2: 100% polyamide
 - Outer material 3: 94 % polyamide, 6 % elastane
 - Outer material 4: 61 % polyamide, 23 % viscose, 9 % elastane, 7 % cotton
 - Outer material 5: 100% cowhide leather
 - Outer material 6: 95% polyamide, 5% elastane
 - Outer material 7: 98% polyamide, 32% polyester
- Lining 1: 100% polyester
- Lining 2: 100% polyamide
- Lining 3: 65% polyester, 35% cotton
- Material composition of Outsert pants:
 - Outer material 1: 100% polyester (membrane)
 - Outer material 2: 100% polyamide
 - Outer material 3: 68 % polyester, 35% cotton

GS Namib GTX Suit

The GS Namib GORE-TEX suit makes the hearts of Enduro fans beat faster. The three-layer GORE-TEX outer material keeps the jacket watertight, while numerous ventilation options provide an optimum climate. NP3 back and joint protectors and ample stowage options make this jacket a great companion for every adventure. The pants with NP3 joint and hip protectors, adjustable pant waistband and leg cuff as well as elastic inserts improve the fit and allow for greater movement – the optimal requirements for off-road adventures.

Tokyo Connect GTX Jacket

The stylish Tokyo Connect GORE-TEX jacket with its lighting on the back and sleeves provides better visibility of the rider to be seen especially at night or when visibility is poor. Thanks to its GORE-TEX Pro material, the AirVent ventilation system and an inner jacket, it can be used throughout the whole year.

Product highlights

- Comfortable parka in a casual streetwear look
- Windproof and watertight thanks to 3-layer GORE-TEX Pro material
- AirVent system and removable inner jacket ensures year round usability
- Continuous front zip fastener with dual function: two watertight outside pockets while zip fastener is open at the top and more legroom when the zip fastener is open at the bottom
- Detachable, adjustable hood
- Three inside pockets, one designed as a charging pocket for smartphones
- Back protector preparation
- Watertight and washable optical fiber cables perfectly integrated in the jacket
- Active lighting on the back and sleeves so the rider can be seen better at night or when visibility is poor
- Removable NP Flex protectors on shoulders and elbows
- Protection class A, EN17092
- Power supply via spiral cable for connection to the bike's 12V socket included in the scope of delivery
- Alternatively, power can be supplied via any power bank (not included in scope of delivery)
- The control unit can be linked to the BMW Motorrad
- Connected app thus offering innovative Connectivity functions
- Smart, intuitive operation by simply tapping on the operating element integrated in the sleeve
- Operating element with on/off switch for lighting
- Alternatively, a personally desired function can be stored on the switch of the operating element via the BMW Motorrad Connected app (available on Android and iOS): lighting on/off, charge smartphone or power bank, Navigate Home function, switch other Connected products on/off, etc.

**MSRP
\$1,099**

- Material: 3-layer GORE-TEX Pro with 100% polyamide outer material

The water-repellent GORE-TEX Brussels jacket can be adjusted to suit a wide variety of outside temperatures thanks to the hood and removable thermal vest. With the minimal inner lining, the jacket remains light despite its long cut. Two water-repellent front pockets with zip fasteners provide storage space for personal belongings.

Product highlights

- Light jacket
- Water-repellent thanks to GORE-TEX 3- layer laminate
- Removable thermal vest for cold days
- Long cut
- Protection class A
- Integrated hood
- Two water-repellent zippered pockets at the front
- Material: 100% polyamide

Singapore Jacket

The Singapore jacket offers an alternative to the classic Motorrad look as a zip hoodie with NP-Flex 3D protectors on shoulders and elbows. Thanks to the lightweight material without a lining, it is space-saving and easy to stow away. Practical details: two front pockets with zip fasteners and an inside pocket.

Product highlights

- Hoodie made of lightweight and breathable material
- Despite protectors, cannot be recognized as Motorrad riding gear at first glance
- No lining
- NP Flex 3D protectors on shoulders and elbows
- Protection class A
- Two front pockets with zip fastener
- Material: 96% polyester, 4% elastane

The Mitte jacket combines a classic shirt look with functionality and protection. It looks great even in everyday life. Personal items can be conveniently stored in the four outside and three inside pockets. The NP Flex 3D protectors on shoulders and elbows provide protection without restricting freedom of movement.

Product highlights

- Jacket suitable for everyday use in a classic shirt look
- Leather patch with BMW logo
- NP Flex 3D protectors on shoulders and elbows
- Back protector can be retrofitted
- Four outside and three inside pockets
- Connecting zip fastener: 40 cm
- Material:
Outer material: 97% cotton, 3% elastane
Liner material: 100% polyester

The Bavella jacket is equipped to handle a wide variety of temperatures. The insert with BMW Climate Membrane can withstand wind and water while providing pleasant air circulation. When the temperature is colder, the removable, padded thermal vest provides cozy warmth. The striking color allows the rider to be seen better in all types of weather.

Product highlights

- Light motorcycle jacket in a striking signal color
- Can be used at varying temperatures
- Breathable insert with BMW Climate Membrane, windproof and watertight (water column: 15,000 mm)
- Removable, padded thermal vest for cool temperatures
- NP3 protectors at shoulders, elbows and back
- Reflective print on sleeves and shoulders
- Highly abrasion-resistant outer material
- Large, air-permeable mesh inserts
- 3D liner in back for optimum air circulation
- Two side zippered pockets
- One watertight inside pocket
- One pocket on the insert
- Adjustable waistband, leg cuffs and collar
- Short connecting zipper
- Materials:
Outer material: 54% polyester, 46% nylon
Liner material: 100% polyester

Moosach Pants

The Moosach pants made of abrasion-resistant denim fabric combine protection and functionality with a classic look thanks to their discreet protectors. The pants have a 5-pocket design, are lined at the thigh and can also be used for everyday wear. Removable NP-Flex protectors at the knee and hip contribute to the functionality of these pants.

Product highlights

- Regular fit motorcycle pants with lining at thigh
- Abrasion-resistant and elastic denim fabric
- Connecting zip fastener for combining with BMW Motorrad jackets
- Removable NP-Flex protectors on the knee and hip
- 40 cm connecting zip fastener for combining with BMW Motorrad jackets
- 5-pocket style
- Material:
Outer: 72% cotton, 18% nylon, 8% elastomultiester, 2% elastane
- Lining material: 65% polyester, 35% cotton

NEVER STOP CHALLENGING | RIDERS GEAR | UNISEX

M Pro Race Comp Boots

The M Pro Race Comp boots meet the highest performance requirements and convince with large protective elements made of hard plastic. Removable magnesium slip pads on the side of the heel and tip of the shoe prevent injuries and ensure long life. The M color design visually rounds off the sporty character.

Product highlights

- High-performance racing boots
- Large protective elements made of hard plastic
- Removable slip pads on the side (heel and tip of shoe) made of magnesium
- Micro closure by means of aluminum ratchet fastener
- Covered zip fastener on the outside for the best possible vehicle contact on the inside of the boot
- Design with M colors matches the BMW racing suit perfectly

Treptow GTX Boots

The robust Treptow GORE-TEX laced boots impress with their high functionality and classic look. Even stepping into them is particularly easy thanks to the sewn-in pull loop at the bootleg end. The GORE-TEX membrane and leather/canvas mix make the boots windproof and watertight. In addition to NP-Flex ankle protectors, the laced boots feature stable toe and heel caps as well as shift reinforcement. A special inner lining also optimally compensates for temperature fluctuations. The mid-high shaft and profiled Vibram outsole ensure perfect grip on the foot rests. It is resistant to oil and gasoline and offers plenty of grip and comfort even on foot. With its classic finish the laced Treptow GORE-TEX boot not only cuts a fine figure on the bike, but can also be perfectly combined with jeans and a leather jacket.

**MSRP
\$359****Product highlights**

- Black laced boots made of cowhide leather
- Classic look, ideal to combine with everyday wear
- Pull loop at the bootleg end for easy pulling on
- NP Flex ankle protectors
- Toe and heel caps
- Mid-high shaft and profiled sole for support on the foot rests
- Windproof and watertight thanks to GORE-TEX membrane
- Oil and gasoline resistant Vibram outsole for high walking comfort
- Special lining compensates for temperature fluctuations
- Material: Leather/canvas mix

Venture Grip Pro GTX Boots

The waterproof VentureGrip GORE-TEX boot is at home in touring as well as for Enduro use. The all-rounder is suitable for everyday use and has a grippy, wear-resistant sole that is resistant to oil and fuel. A shin plate together with three adjustable aluminum buckles stabilizes the precisely fitting design.

Product highlights

- Waterproof leather Enduro boot in sporty look, suitable for everyday use
- Comfortable and robust and suitable for long trips
- High wear resistance
- Classic enduro style with buckles, dashes of color on the soles, a taller shaft and oiled leather
- GORE-TEX membrane, permanently windproof, watertight and highly breathable
- Shin guard protection, thermally formed and stiffened
- Plastic, foam-padded ankle guard
- Removable and washable inner padding
- Functionally shaped gear-lever protection made of leather on each boot
- Suede leather on inside of shaft for closer contact to the motorcycle when standing on the pegs
- Three adjustable aluminum buckles, interchangeable
- Velcro pad for stepless adjustment for comfortable fit at calf of leg
- Stretch zone made of leather at instep for more freedom of movement for gear shifting and walking
- Robust Vibram sole, highly wear-resistant, oil and fuel resistant
- Tread with very good grip for off-roading
- Insole removable and with antibacterial finish
- Shaft finisher with elastic hem to keep out water and dirt
- Edge with soft padding for shinbone at front
- Material: 100% full grain cowhide, oiled

Gatow Gloves

The classic Gatow gloves are made of high-quality and pleasantly soft elk leather, durable and particularly comfortable to wear. The width of the clasp can be adjusted by the closure on the wrist. This prevents the glove from unintentionally slipping off. Another practical feature is that the index finger can be used to operate touchscreen devices.

Product highlights

- Classic elk leather gloves
- Index finger suitable for operating touchscreen devices
- Adjustable width at wrist with press button closure
- Small snap hook to attach the gloves to the belt
- Material: 100% elk leather produced in Finland

[TABLE OF CONTENTS](#)

FUNCTIONAL WEAR | RIDERS GEAR | UNISEX

PCM Jacket

Thanks to the schoeller®-PCM™ technology, the PCM jacket creates a pleasant climate at all times. Integrated micro capsules react to temperature differences and, depending on the situation, store the excess heat or release the heat they have stored. In the event of any fluctuations in temperature under the jacket, it is thus neither too hot nor too cold.

Product highlights

- Highly versatile jacket
- schoeller®-PCM™ technology for optimal temperature balancing
- Integrated micro capsules store excess heat or release heat they have stored
- Can be used as a vest due to removable sleeves
- High collar
- Front zip fastener
- Two zippered pockets on the outside
- Inside pocket opens upwards
- Connecting zip fastener opening at back
- Material 1: 100% polyester
- Material 2: 32% polyamide, 28% polyurethane, 19% paraffin, 16% polyamide, 5% elastane
- Lining: 100% polyester

The HighViz vest ensures that the rider can be seen better thanks to reflective materials and a striking color. This also increases visibility. Practical: because the vest is close-fitting, it does not flutter in the wind. It can be worn over all BMW Motorrad jackets and suits, and its small packing size makes it easy to stow.

Product highlights

- Thin vest for bike riders who desire visibility
- Signal color and reflective materials for better visibility
- Close-fitting, no-flutter cut
- Can be closed via front zip fastener
- Can be worn over all BMW Motorrad jackets and suits
- Easy to stow thanks to small packing size
- Main material: 100% PET, high visibility
- Side sections: 80% nylon, 20% elastane

The ProRain Neon or Black overall provides protection against wind and weather with its waterproof PU coating. Elastic arm and leg cuffs and the integrated balaclava reliably prevent water ingress. Reflective prints and its eye-catching color significantly increase visibility even in adverse weather conditions.

Product highlights

- One-piece rain suit, wind and waterproof.
- 100% nylon with waterproof PU coating
- Heat-resistant material at inside-leg area
- Non-slip material at seat
- Long, easy-access front zip fastener with labyrinth closure
- Zip-covering transition with Velcro fastener on the side for optimal wind protection
- Leg zips on the outer sides
- High collar prevents rain leaking between suit and helmet, with integrated storm hood
- Large inner chest pocket
- Velcro straps on the upper arm for width adjustment
- Elastic arm and leg cuffs with elastic band and Velcro fastener
- Elastic waistband at the back and one Velcro fastener each at the front on the right and left
- Additional reflective prints on sleeves, back and chest
- Small pack size

Tour Windbreaker Balaclava

The TourWindbreaker storm hood keeps the rider wonderfully warm and is therefore particularly suitable for winter or the transitional period. The high-quality polyester softshell with windbreaker membrane in a 3-layer laminate provides excellent wind protection for the neck and upper chest area. The thin Powerstretch at the top of the head and the flat seams also guarantee a perfect fit and ensure pleasant wearing comfort even on long journeys. The breathable and temperature-regulating material blend also pays off here. A further comfort feature is the pleasant softshell mouthguard. Punched out holes in the mouth and ear areas as well as highly functional lasered seams in the face area additionally increase wearing comfort. The TourWindbreaker balaclava features a small logo band at the bottom hem.

Adventure Neckwarmer

With the functional Adventure neckwarmer, the neck, nape and chest area are perfectly protected from wind and are kept pleasantly warm even in colder weather conditions. The tight fit ensures that the neckwarmer prevents draughts, especially in the critical area between the jacket collar and helmet. In addition, the helmet can be put on without the neckwarmer slipping down. The high-quality material selection with windbreaker membrane also guarantees very pleasant wearing comfort. The chest area is printed with a blue "Adventure" logo. The Adventure neckwarmer is breathable, temperature-regulating and extremely easy-care. It is easy to wash with a mild detergent or a functional detergent. The Adventure neckwarmer features a small logo band at the bottom hem

HOW TO MEASURE YOUR SIZE

It's very important that your motorcycle suit is a good fit, not only because if it's too tight or too loose, it can affect your concentration. And if you're distracted, this affects your protection on the road.

Jackets and pants also have to sit right on the wearer. Your sleeves and pants legs shouldn't ride up, because if they do, it's not just a protection issue – it also means you're not properly protected against the elements.

To find the one that's right for you, grab your tape measure and follow these simple instructions or contact your local BMW Motorrad dealership for additional assistance.

A. Height

Stand barefoot beside a door frame. Place a book on your head, and hold it in position. Mark the position of the book on the door frame and measure from the floor.

B. Chest

Take this measurement while wearing a shirt or a lightweight pullover. Pass the tape measure under your arms and measure around the broadest part of your chest and over the shoulder blades.

C. Waist

Measure around your shirt, just above the top of your pants. Stand in a neutral position and don't hold in your stomach – that way you'll ensure the pants will sit comfortably.

D. Hips

Measure around your body, above your pants and the widest point of your hips.

E. Side Length

Measure the distance down the outside of your leg, from the waist of your pants to the sole of your foot.

F. Step Length

Measure the distance down the inside of your leg, from the crotch seam to the sole of your foot.

That's why the cut of all BMW Motorrad suits are specifically designed for motorcycling use, and why they all feature plenty of expandable sections, opportunities for adjustment and other clever details. To make sure your suit is a perfect fit, all of its dimensions have to be exactly right. We know that riders come in many different body shapes so our suits are available in many different sizes.

The following table are intended as a guide. They show the body measurements on which the BMW Motorrad rider equipment collection is based.
